

STAA57 W19: Draft Report Rubric

	Excellent	Needs Improvement	Weight
1. Introduction & Data Description	Clearly present questions and data used to answer them.	Presentation of questions/data is vague or incorrect.	0- 10 %
2. Analysis - Data Processing	Demonstrate proper organization and manipulation of data for facilitating analysis.	Inconvenient handling of raw data leading to errors/clunky code.	0-20%
3. Analysis - Data Exploration	Demonstrate proper exploration of data using tables and figures.	Poor, superficial, or wrong exploration of data.	0-20%
4. Analysis - Data Modeling/Inference	Demonstrate appropriate use of inferential (estimation/testing) and/or predictive (classification/regression) methods.	Inappropriate or erroneous use of modeling/inference.	0-20%
5. Summary	Accurately summarise the results and conclusions of your analysis.	Analysis results or conclusions are imprecise or inappropriate.	0-10%
6. Reproducibility	Code/files are properly organized and allow for easy reproduction.	Report is not reproducible, code/files are poorly organized.	0-20%
EXTRA	Additional marks (up to 20% of total) for demonstrating exceptional effort and creativity.		0-20%
